

WHAT IS THE REAL ROOT OF OUR WORLD PROBLEMS?

Banking Elite

WHY DOES THE FACT THAT BANKERS OWN EVERYTHING MATTER?

"If this mischievous financial policy, which has its origin in North America, shall become indurated down to a fixture, then that government will furnish its own money without cost. It will pay off debts and be without debt. It will have all the money necessary to carry on its commerce. It will become prosperous without precedent in the history of the world. The brains and wealth of all countries will go to North America. That country must be destroyed or it will destroy every monarchy on the globe." - Times of London (article referring to Lincoln issuing debt-free currency.)

"The death of Lincoln was a disaster for Christendom. There was no man in the United States great enough to wear his boots.... I fear that foreign bankers with their craftiness and tortuous tricks will entirely control the exuberant riches of America, and use it systematically to corrupt modern civilization. They will not hesitate to plunge the whole of Christendom into wars and chaos in order that the earth should become their inheritance." - Otto von Bismarck

"When the Federal Reserve Act was passed, the people of these United States did not perceive that a world banking system was being set up here. A super-state controlled by international bankers and international industrialists acting together to enslave the world for their own pleasure. Every effort has been made by the Fed to conceal its powers but the truth is - The Fed has usurped the government!!" - Congressman Louis T. McFadden

"Whosoever controls the volume of money in any country is absolute master of all industry and commerce. And when you realize that the entire system is very easily controlled, one way or another, by a few powerful men at the top, you will not have to be told how periods of inflation and depression originate." - James A. Garfield

"To be controlled in our economic pursuits means to be controlled in everything." - F. A. Hayek

HOW ARE THEY ACCOMPLISHING THEIR GOALS?

"Fitch laid it out that **education should aim at destroying free will** so that after pupils have left school they shall be incapable throughout the rest of their lives of thinking or acting otherwise than as their schoolmasters would have wished... **diet, injections, and injunctions** will combine, from a very early age, to produce the sort of character and the sort of beliefs that the authorities consider desirable, and any serious criticism of the powers that be will become psychologically impossible. Even if all are miserable, all will believe themselves happy, because the government will tell them that they are so." - p62 *Bertrand Russell, The Impact of Science on Society, 1953.*

What I have found to be true through my own research.

- a. The Federal Reserve is a private bank controlled by thirteen families that have been charging us interest to print our money when all along we could have been doing it for ourselves interest free. We could save all that money that we are paying in Federal income Tax. All the other taxes we pay cover all the services we currently receive from Government such as police, roads, parks, schools, etc.(See: From Freedom to Fascism by Aaron Russo)
- b. Vaccines, GMO's, Flouride, Aspartame, MSG and plastics are all poisonous to humans and are responsible together and individually for the astronomical increase in all the chronic illnesses we all see around us. I'm referring to Cancer, Autism, Infertility, Multiple Sclerosis, allergies, high blood pressure, diabetes, the diabetes and cancer now affecting children like never before, the list goes on and on. (see: We Become Silent & Nutricide)
- c. That the UN knew that these would be the results because one of their major goals is to reduce the population of the world by at least 80%. (see: Memorandum 200 & Georgia Guidestones)
- d. That "Climate Change", which was "Global Warming" is being used to further get us to give up more rights, this time with the pretense of saving the planet. They are charging us "carbon credits" which is taxing us for breathing and this money will go right into the pockets of the people pushing the agenda. (See: The Next Global Revolution by The Club of Rome)
- e. The stated goal of the UN is to incrementally wear away at the sovereignty of nations so that the UN will eventually become the "government" of the WORLD in control of all military with an entirely unarmed public.
- f. The "War on Terror" is being used to get us to give up our civil rights so the gov't can be our "caretaker". (See: "Rebuilding Americas Defenses" by; Project for a New American Century (PNAC))

WHAT DO YOU DO ABOUT IT?

- 1) Don't be afraid, it can seem overwhelming at first but, when you realize how hard they are trying to poison you and yet you are here reading this, you should realize how strong and powerful we really are.
- 2) Don't take the poisoned food, water and medicine. Slowly change your diet, health and beauty regimen and your doctor to holistic and/or organic.
- 3) Get a computer and learn to use the internet. Technology can be used to free us or enslave us, it is up to us how it goes. Information is power and once you have the information the choices are so much easier.
- 4) Spread the word. A well informed public can stop them in their tracks without a drop of blood lost.
- 5) Boycott companies you know are working against your best interests (see list below)
- 6) Never believe anybody, verify things for yourself.
- 7) Cut out television as much as possible and definitely don't get your news from them.
- 8) Don't go into debt, it's a trap that keeps people enslaved.
- 9) Accumulate hard assets such as land, precious metals, tradable goods and food.

Conclusion

These organizations represent the collective interests of the largest corporations on earth. They not only retain armies of policy wonks and researchers to articulate their agenda and form a consensus internally, but also use their massive accumulation of unwarranted influence in media, industry, and finance to manufacture a self-serving consensus internationally.

To believe that this corporate-financier oligarchy would subject their agenda and fate to the whims of the voting masses is naive at best. They have painstakingly ensured that no matter who gets into office, in whatever country, the guns, the oil, the wealth and the power keep flowing perpetually into their own hands.

If the above equation remains unchanged, and the corporate bottom lines left unscathed, nothing but the most superficial changes will have been made.

The real revolution will commence when we identify the above equation as the true brokers of power and when we begin systematically removing our dependence on them, and their influence on us from our daily lives. **The global corporate-financier oligarchy needs us, we do not need them, independence from them is the key to our freedom**

*When an honest man discovers he is mistaken,
He either stops being mistaken or stops being honest.*

“Some even believe we “Rockefellers” are part of a secret cabal working against the best interests of the United States, characterizing my family and me as internationalists and conspiring with others around the world to build a more integrated global, political and economic structure- one-world, if you will. If that is the charge, I stand guilty, and am proud of it.” This quote is from David Rockefeller’s autobiography
